(b) (6)

I wanted to let you know that CBP has offered the House and Senate Defense and Homeland Security committees a phone call jointly with DoD and DHS to discuss the BMGR RFA. The committees have specifically asked about construction authorities and funding sources.

Below the break in my email FYSA is CBP's 10:17am email to me about the offer of a joint call.

Regards,

(b) (6)

To follow up on our conversation earlier this morning, I want to check to see if DOD would like to do a joint call with staff from our subcommittees (Defense and Homeland) tomorrow. We offered a call to our staff for today or tomorrow. If DOD needs more time, we can push it to later this week. (b) (5)

(b) (5) I will send you the notification sent on Friday evening for awareness. Let me know what would work best for you.

Thanks

Kim

Good Afternoon,

Earlier today, the Department of Homeland Security (DHS) transmitted a Request for Assistance to the Department of Defense (DoD) to support border infrastructure construction on the Barry M. Goldwater Ranger (BMGR) in Arizona.

To secure the 31 miles of border frontage on the BMGR, DoD will improve the border infrastructure using appropriate DoD authorities. The requested border barrier system will augment the existing primary border fencing with the construction of a secondary border wall, an all-weather patrol road, and vehicular and pedestrian access gates.

The BMGR falls within the Border Patrol's Yuma Sector, (b) (7)(E)

(b) (7)(E)

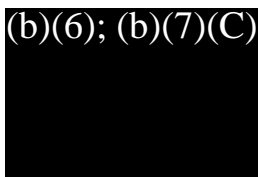

In addition to supporting DHS efforts, this infrastructure will also improve conditions for DoD on the BMGR by further reducing border incursions that may compromise range operations.

As the government agency tasked with border security, U. S. Customs and Border Protection (CBP) will provide technical assistance to the DoD in the construction of 31 miles of border on the BMGR.

We'd be happy to schedule a call for early next week to address any questions and concerns you may have regarding this action. Please let me know if you have availability on Monday, Aug 6 after 3:30 pm or on Tuesday, Aug 7 before 4:00 pm to schedule a call.

Thank you,

Hi (b) (6)

I have calls scheduled for Wednesday morning with SASC and HASC to discuss the congressional notification that was made on Friday evening. Do you have a representative available from CBP to call in? It would show unity of effort if we have both DoD and CBP available to answer questions. Schedule below

SASC - 10-10:30 a.m.

HASC- 10:45 – 11:15

I understand DoD Comptroller is scheduling a similar call with HAC and SAC tomorrow.

Very respectfully,

Hi (b) (7)(E)

We have heard that the RFA has been sent from DHS to DoD, and are working on getting the official copy. I will keep you informed regarding the RFA, and follow up with more information as it becomes available. How does a phone call work with your schedule, tomorrow afternoon or Wednesday? I need to do some coordination and hope to get CBP on the call.

Good Afternoon,

Earlier today, the Department of Homeland Security (DHS) transmitted a Request for Assistance to the Department of Defense (DoD) to support border infrastructure construction on the Barry M. Goldwater Ranger (BMGR) in Arizona.

To secure the 31 miles of border frontage on the BMGR, DoD will improve the border infrastructure using appropriate DoD authorities. The requested border barrier system will augment the existing primary border fencing with the construction of a secondary border wall, an all-weather patrol road, and vehicular and pedestrian access gates.

The BMGR falls within the Border Patrol's Yuma Sector, (b) (7)(E)

(b) (7)(E)

In addition to supporting DHS efforts, this infrastructure will also improve conditions for DoD on the BMGR by further reducing border incursions that may compromise range operations.

As the government agency tasked with border security, U. S. Customs and Border Protection (CBP) will provide technical assistance to the DoD in the construction of 31 miles of border on the BMGR.

We'd be happy to schedule a call for early next week to address any questions and concerns you may have regarding this action. Please let me know if you have availability on Monday, Aug 6 after 3:30 pm or on Tuesday, Aug 7 before 4:00 pm to schedule a call.

Thank you,

DOD is a big entity, but as of 6:23PM, DOD was unable to acknowledge receipt of this RFA in response to an inquiry from committee staff colleagues.

To whom was the request forwarded?

During the offered call, will DHS have any more details to share than are included in the email below?
